

Build your Wiki Website

Four Easy Steps to Get Started

by Educator Roz P. Chantengco

December 5, 2009

Join wikispaces.com

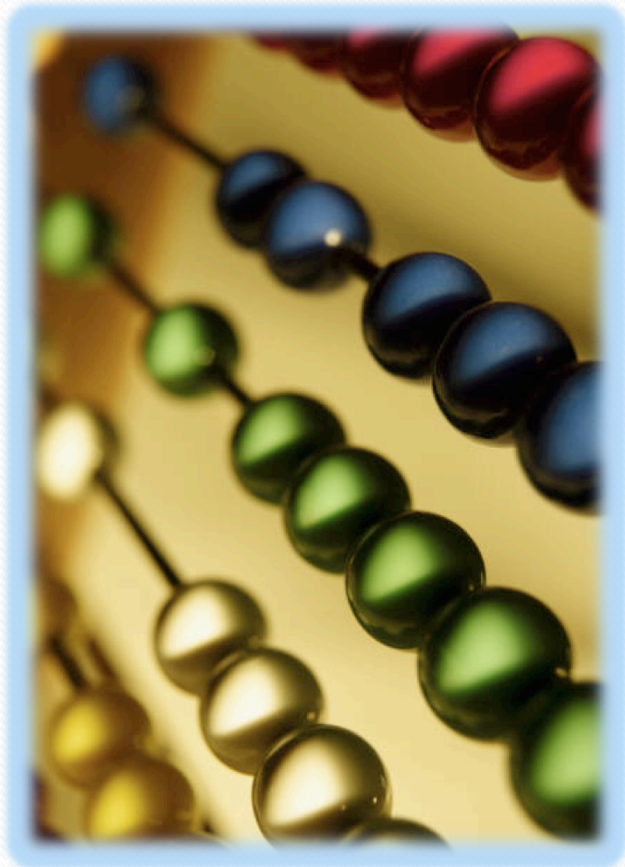

- Create your username
- Create your password
- Type in your email address for future communication with wikispaces

Build Your Website

- First, name your website
- Next, set your permissions as Public
- Choose “K-12 Education site”
- Lastly, click “Create”

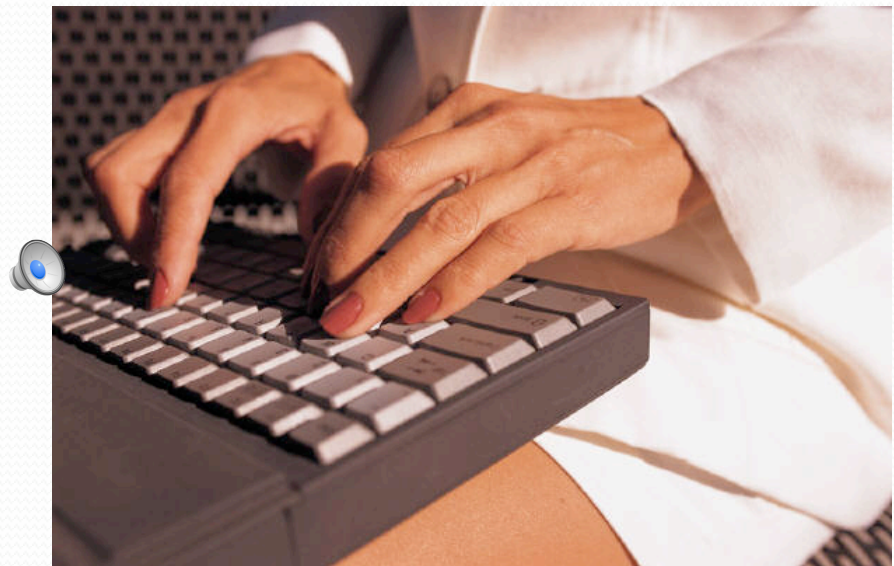

Manage your Wiki

- To add a page, click **Manage Wiki**, then **Add Page**
- I require that you have at least three pages:
 - Home
 - Notes
 - Reflections

Customize your Wiki

- To change the look of your wiki, click **Manage Wiki**, then **Look and Feel**
- To invite members, click **Manage Wiki**, then **Invite People**

You did it!

- Congratulations your website is up and running!
